Features

- **User Authentication:** Secure login and registration for students and teachers.
- **Student Dashboard:** Submit, view, and edit achievements; receive feedback and notifications.
- **Teacher Dashboard:** Review, approve, and provide feedback on student achievements; manage notifications.
- **Admin Controls:** (If applicable) Oversee users and achievements.
- **Responsive Design:** Accessible on desktops, tablets, and mobile devices.
- **Notification System:** Real-time updates and feedback for users.

Tech Stack

- **Frontend:** HTML5, CSS3
- **Backend:** PHP 7.x+
- **Database:** MySQL/MariaDB
- **Web Server:** Apache/Nginx

Project Structure

|   └── index2.php                  # Main landing page
|   └── index2.css                 # Landing page styles
└── .vscode/settings.json         # (Optional) VSCode settings
```

Installation

Prerequisites

- PHP 7.x or higher
- MySQL/MariaDB
- Apache/Nginx web server

Steps

1. Clone the repository or extract the ZIP:

```
git clone https://github.com/yourusername/student-Achievement-Tracker-Website.git
```

Or extract the ZIP file to your web server's root directory (e.g., `htdocs` for XAMPP).

2. Set up the database:

- Create a new MySQL database (e.g., `student_achievement`).
- Import the provided SQL schema (if available) or create tables as required by the application.

3. Configure database connection:

- Open `connections/connections.php`.
- Update the database host, username, password, and database name as per your setup.

4. Start your web server and access the application:

- Navigate to `http://localhost/student-Achievement-Tracker-Website/index2.php` in your browser.

Configuration

- **Database Credentials:**

Edit `connections/connections.php` to match your MySQL setup.

- **Email/Notifications:**

(Optional) Configure SMTP or notification settings if implemented.

Usage

- **Students:**

Register, log in, submit achievements, and view feedback.

- **Teachers:**

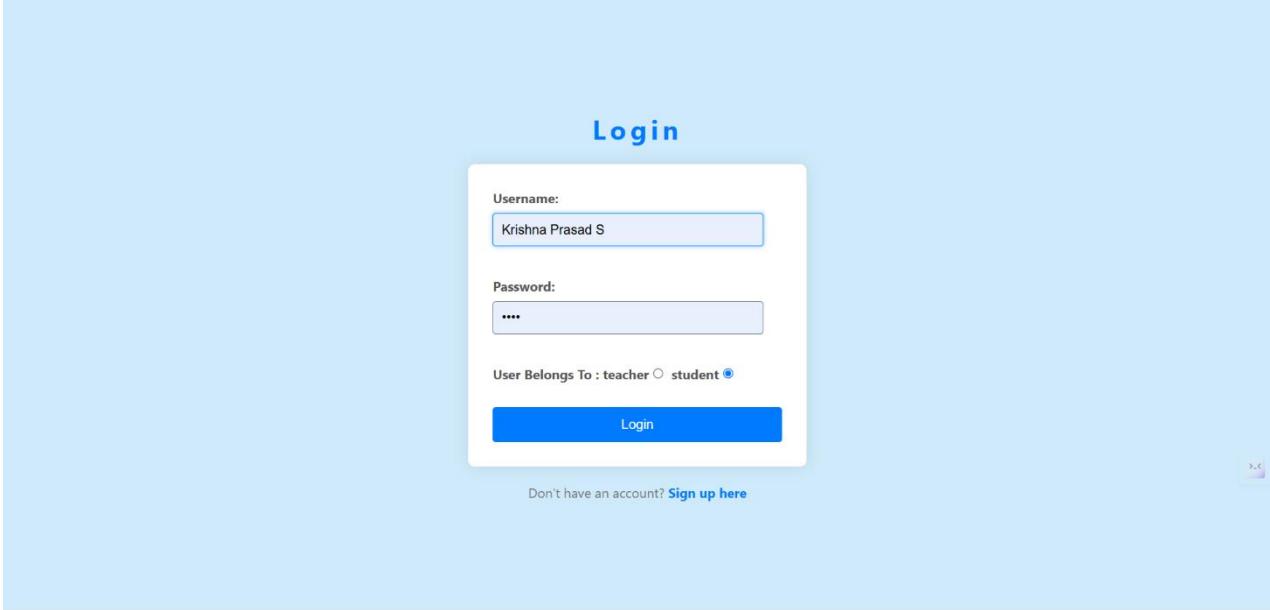

Log in, review student submissions, provide feedback, and manage notifications.

- **Admins:**

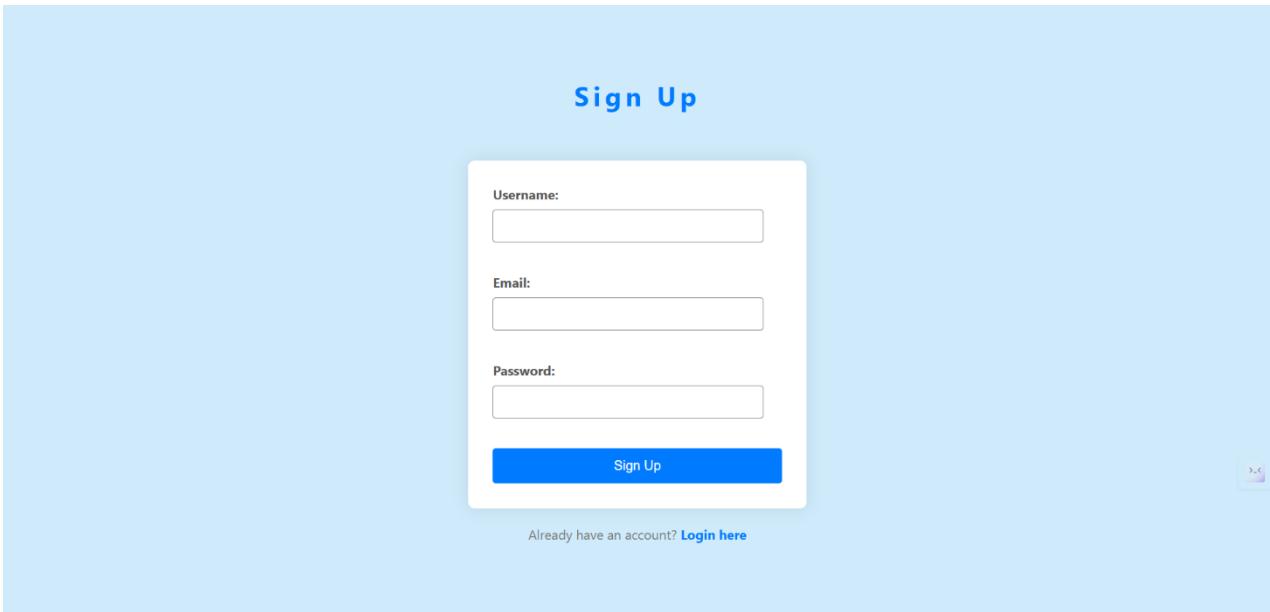

(If applicable) Manage users and oversee achievement records.

Screenshots

>>> FROM STUDENT LOGIN/SIGN_UP

The screenshot shows a login interface with a light blue header and footer. The main form is white with a blue border. It contains fields for 'Username' (Krishna Prasad S) and 'Password' (four dots). Below these is a radio button group for 'User Belongs To': 'teacher' (unchecked) and 'student' (checked). A blue 'Login' button is at the bottom. At the very bottom, it says 'Don't have an account? [Sign up here](#)'.

TEAM MENTOR :

Prof. D. ManiBharathi

Assistant Professor

ECE DEPARTMENT

Government College Of Engineering, Salem - 11.

Special Thanks

We would like to express our heartfelt gratitude to our advisor, Prof. D. ManiBharathi. whose guidance, support, and vision laid the foundation for this project.

“It was Sir's idea that planted the seed for building a platform to track student achievements and we, as a team, feel honored to bring it to life.”

Your encouragement meant everything to us. Thank you for believing in our team!

Team Members

This project was made possible by the dedication, hard work, and collaboration of an amazing team:

KRITICK RAJ & SUDHARSHAN

>>> 🙏 Thank you all for turning this idea into reality. This tracker isn't just a tool — it's a symbol of our teamwork, dedication, and vision!

Contact

For support, questions, or feedback, please contact:

- **Project Maintainer:** Krishna Prasad S
- **Email:** krishnaprasadandco12@gmail.com
- **GitHub:** // Processing...

Contributing

Contributions are welcome! Please follow these steps: → Fork the repository.

1. Create a new branch (`git checkout -b feature/your-feature`).
2. Commit your changes (`git commit -am 'Add new feature'`).
3. Push to the branch (`git push origin feature/your-feature`).
4. Open a Pull Request.
